Date: May 26, 2016
To: Interested Workforce Education & Training (WE&T) Providers for Energy Efficiency
Re: Release Notification to Energy Efficiency Training Providers

SDG&E intends to release a Request for Qualifications (RFQ) in May. The following provides an overview of the RFQ for WE&T Providers for Energy Efficiency:

- SDG&E seeks to collect information and pricing from “Subject Matter Experts” (“SMEs”) / training providers who offer educational trainings with a connection to energy efficiency.
- The speakers will help educate market actors and end users on the necessary skills and understanding of energy technologies and behaviors that reduce energy and water usage, improve installation and maintenance and lead to improved energy savings and building performance.

Scope:
Bidders must provide a cover sheet outlining how they meet the requirements to bid on this RFQ. The requirements are as follows:

- Educational offerings must be connected with energy management (including, but not limited to Energy Efficiency, Demand Response, Rate Analysis, Renewables) and address skills, technologies, design, or operation.

- Training providers must have 3 years of real-world experience or at least 100 hours of experience in delivering educational programs. Candidates must have the ability to present complex information and concepts in a concise way.

    **Note:** Please do not submit a bid if you don’t meet the requirements above.

This event will be managed through SDG&E’s Power Advocate software platform. Interested bidders should register now to access all future communications and the RFQ upon its release.
