Please excuse colloquial wording in the emails, if any... I didn't see (nor remember writing) anything inappropriate, but some of the emails may not have been written with an outside audience in mind. Also, fyi, we included one somewhat contentious email that you forwarded about us having not commented on the CEC docket. The original message was from Mary. The file is called "NegaWatt Consulting Mail - FW_ Tub-Spout Diverters.pdf".

Again, the timesheet from the earlier email below also has a lot of detail (only up to 8/4, not 8/9). Let me know if you want me to include that in the Word doc or not.

Let me know if you need anything else.

Marc

Hi Daniela,

just a heads-up of what I am working on ... Word document with 3 sections

- 1) documents developed, released and unreleased, with version history
- 2) meetings attended, with any party (CEC, IOUs, NRDC, and internally Bo/me)
- 3) email threads with CEC (but not with you, IOUs or EPA... let me know if correct).

I also have our timesheet, which pretty much includes all of the above in the notes, plus of course times & dates. See attached. Let me know if you want me to attach that to the Word doc as well, or rather not.

Should have that ready in an hour or two, it's not that hard since we're fortunately fairly well organized.

Marc
